KRIEGHOFF OPTIMA

Krieghoff Optima

Fig. shows: Drilling with additional options and upgraded wood

Engraving: "Large game scene with leaf arabesques"

Optima standard configuration:

- Universal Trigger System
- Combi-Cocking Device
- Steel trigger guard
- Front plate for pivot bridge mount
- Steel shot proofed depending on choke size and material of the receiver
- Quick detachable sling swivels
- Steel trigger plate
- Nickel plated receiver finish
- Border engraving around receiver
- Hinge screws, top latch, screws and pins are blued
- Standard wood grade
- Right-handed stock with Bavarian-style cheekpiece (Not for "Big Five")
- "Schnabel" forearm
- Supplied in Krieghoff GunPack

Optima 12 and 20 drilling thermo stable

Action available in steel (20 gauge duraluminium or steel); standard barrel length: 55 cm (22"), or 60 cm (24") optionally (additional charge); standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black. Weight (Optima 12) approx. 3.600 – 4.000 g. Weight (Optima 20) approx. 3.400 – 3.800 g.

7.295,00 €

Optima 12 and 20 Drilling traditionally soldered

Action available in steel (20 gauge duraluminium or steel); standard barrel length: 60 cm (24"), or 55 cm (22") optionally (additional charge); standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black. Weight (Optima 12) approx. 3.500 – 3.900 g. Weight (Optima 20) approx. 3.300 – 3.700 g.

7.608,00 €

Optima 20 drilling with 1-2 special trigger system

Features same action as Optima drilling, without the need for a barrel selector. Further information on this exceptional version can be found in the Krieghoff Hunting Gun Catalog, or on our website. Weight approx. 3.400 – 3.800 g.

8.644,00 €

Optima 20 double rifle drilling

Steel receiver; standard barrel length: 55 cm (22"); standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 4.000 g.

8.608,00 €

Optima 20 double rifle drilling with 1-2 special trigger system

Features same action as Optima double rifle drilling, without the need for a barrel selector. Steel receiver; standard barrel length: 55 cm (22"); standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 4.000 g.

9.952,00 €

Optima 20 "Big Five" double rifle drilling^{CM}

Steel receiver; standard barrel length: 60 cm (24"); traditionally soldered; standard stock length: 38 cm (15"), incl. 15 mm (0,6") rubber recoil pad in black; steel trigger base plate and heavy stock bolt for weight and balance optimization; open sight featuring wide V-shape middle sight, ball shaped front bead and "Big Five" stock contour. Weight approx. 5.300 g.

14.840,00 €

GENERAL OPTIONS

“Façon Exclusive”

Final shaping and finish of action and parts is created with hand tools.

3.100,00 €

BARRELS & ACCESSORIES

Optima 12 and 20 drilling thermo stable

- **Rifle calibers:** 6,5x57R, 6,5x65R, 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- Optima 12 steel receiver, standard gauge 12/76
- Optima 20, standard gauge 20/76
- **Choke:** 1/2-3/4

Optima 20 double rifle drilling

- **Caliber:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- **Gauge:** 20/76
- **Choke:** 3/4

Optima 20 „Big Five“ double rifle drilling

Caliber: .375 H&H Mag., .450/.400 N.E., .500/.416 N.E. (3 1/4"), .470 N.E.

Gauge: 20/76

Choke: 3/4

Custom calibers and gauges

Further calibers and gauges on request.

starts 1.241,00 €

PH-ProCoating

Corrosion resistant Ilafilon-Coating for barrel.

743,00 €

Spring loaded extractor claws, per barrel

For rimless cartridges

171,00 €

Different barrel length

- 60 cm (24") for thermo stable model Optima drilling
- 55 cm (22") for traditionally soldered Optima drilling

557,00 €

557,00 €

Cosmetic sideribs for thermo stable models

For technical and aesthetic reasons, the side rib is best fitted after scope mounting and sighting-in and we strongly recommend that this process is carried out at the factory. Not available for Optima 12 featuring 60 cm (24") barrel length.

349,00 €

Krieghoff see through sight

For Optima 12 and 20 drilling thermo stable and Optima 20 double rifle drilling

308,00 €

2-way flip sight

For Optima double rifle drilling. Wide U-shaped middle sight for shotshell and slug use. Small U-shaped sight for rifle use.

100,00 €

Folding and express sights

- Express sights with two folding leaves for Optima “Big Five” double rifle drilling 655,00 €
- Express sights with two folding leaves for Optima “Big Five” double rifle drilling; Sighting-in distances and vertical gold lines inlaid into both fixed and folding leaves. 1.098,00 €

Shotgun barrels sighted-in with slugs according to “Langenhagener Norm”^{FC}:

Shotgun barrels sighted-in according to “Langenhagener Norm” require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of firearms with two shotgun barrels, the group has to be less than 15 cm.

- Thermo Stable Models:
 - One barrel on drilling 166,00 €
 - Both barrels on drilling 389,00 €
- Traditional soldered models:
 - One barrel on drilling and double rifle drilling 331,00 €
 - Both barrels on drilling 661,00 €

SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

Optima 12 and 20 drilling thermo stable

- Pivot bridge mount 832,00 €

Optima 20 double rifle Drilling

- Pivot bridge mount 1.147,00 €
- Tip-off mount for red dot sight 884,00 €

Optima 20 “Big Five” double rifle drilling

- Pivot bridge mount 1.482,00 €

INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets include complete forend wood assembly in standard grade wood. Proof testing and sighting-in are included.

- Interchangeable drilling barrel, thermo stable 3.933,00 €
- Interchangeable drilling barrel, traditionally soldered 4.267,00 €
- Interchangeable double rifle drilling barrel, traditionally soldered (only Optima 20) 5.327,00 €
- Interchangeable double rifle drilling barrel “Big Five”, traditionally soldered (only Optima 20) 11.547,00 €

FLUSH FITTING THIN WALL CHOKE INSTALLATION

Flush at the barrel muzzle. Available in 12 and 20 gauge in the following constrictions:

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4-1/2 (LM), 1/2 (M), 3/4 (IM), 3/4-1/1 (LF), 1/1 (F), Super-1/1 (XF)

- Fitting of chokes, per barrel 145,00 €
- Thin wall screw-in choke, suitable for lead or steel shot (12 and 20 gauge) 94,00 €
- Briley choke wrench 37,00 €
- “Speed” wrench for quick choke changes (12 and 20 gauge) 72,00 €
- Special grease for choke 31,00 €
- Krieghoff container for three chokes 20,00 €
- Container for five chokes 22,00 €

KRIEGHOFF INSERT BARREL "KS"

The KS insert barrel adjusts at the muzzle end eliminating the need to remove from the carrier barrel. The Optima 20 duraluminium drillings are made specifically for the use of insert barrels, even for larger calibers such as 5,6x50R und 5,6x52R. The Optima drilling 12/76 (3") and 20/76 (3") in steel receiver accepts all insert barrel calibers up to 9,3x74R. The listed prices include fitting, proof testing and sighting-in.

Gauge 12

- .22 Hornet, .222 Rem., 5,6x50R Mag., 5,6x52R Savage, 6,5x57R, 7x57R, 7x65R, .30R Blaser, 8x57IRS, 8x75RS 1.582,00 €
- .308 Win., .30-06, 9,3x74R 1.914,00 €

Gauge 20

- .22 Hornet, .222 Rem., 5,6x50R Mag., 5,6x52R Savage 1.582,00 €
- 6,5x57R, 7x57R, 7x65R, .30R Blaser, 8x57IRS, 8x75RS 1.805,00 €
- .308 Win., .30-06, 9,3x74R 1.914,00 €

SYSTEM TYPES & ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 49.

Automatic set trigger release, per set trigger

Not available with single trigger or Krieghoff 1-2 trigger 123,00 €

Second set trigger installed in the rear trigger

557,00 €

Krieghoff 1-2 trigger featuring set trigger device

(Double trigger, front trigger works as single trigger) 720,00 €

Single combination trigger featuring set trigger device, non selective

Fixed firing sequence: right barrel – left barrel or bottom barrel – top barrel. Because of the fixed firing sequence, this feature is not recommended for models with selective barrels, e. g. drillings with insert barrels. Single triggers are generally available up to caliber .375, but not in combination with the automatic set trigger release. 557,00 €

SURFACE FINISH

Models featuring steel receivers in combination with steel base plates, can optionally be blued or nitrated.

- Blued surface finish free of charge
- Nitrated surface finish 494,00 €
- Complete nickel finish of all external parts 203,00 €

Locks

- Internal lock parts nickel plated 372,00 €
- Internal lock parts gold plated, triggers not included 849,00 €
- Single trigger gold plated 152,00 €
- Double trigger gold plated 212,00 €

Price for plain, unengraved side plates

Cosmetic sideplates without engraving feature Krieghoff logo and model name engraved on receiver bottom. Engraving and wood upgrades are not included! 650,00 €

STOCKS & WOODWORK

Wood upgrade

• Category 001	289,00 €
• Category 002	829,00 €
• Category 003	1.213,00 €
• Category 004	1.633,00 €

A custom fit stock is almost entirely hand made with only minimal pre-machining. Atypical stock dimensions and longer stock lengths generally require a custom fit stock. Further information on request.

Exclusive wood categories as stock blanks (hand-crafted)

Due to the high cost of raw materials, wood grades higher than Category 004 require a custom made stock. The exclusive C-categories are limited. Therefore the availability of them can not be guaranteed.

• Category C1	3.275,00 €
• Category C2	4.254,00 €
• Category C3	5.192,00 €

Right-handed stock (hand-crafted)

• Standard dimensions	753,00 €
• Special dimensions, made to customer's specifications	1.095,00 €

Left-handed stock (hand-crafted)

Left-handed stocks are always hand-crafted, to be able to offer all stock configurations also to left-handed shooters.

• Standard dimensions	753,00 €
• Special dimensions, made to customer's specifications	1.095,00 €

Forearm (hand-crafted)

• Standard dimensions	381,00 €
• Special dimensions, made to customer's specifications, beavertail or semi-beavertail forearm	521,00 €

MONOGRAMS

Pistol grip caps can be engraved with monograms and fitted into the grip of the buttstock. Monograms can also be engraved on trigger guards before hardening.

Monogram plate, finished the same as the receiver

• Inlet into pistol grip cap	123,00 €
• Steel pistol grip cap fully covering, see page 69	443,00 €

Monograms

• Two letters engraved	228,00 €
• Two letters engraved in relief style	331,00 €
• Two letters in silver	544,00 €
• Two letters in gold	747,00 €

Rubber recoil pad

With leather cover; black or brown; 15, 20 or 25 mm; fitting included

329,00 €

Stock magazine with hinged cover plate

Ornamental line engraving to match receiver border included. Other engravings upon request.

1.072,00 €

Recoil reducer

Fitting included (weight: 315 g/11,1 oz, diameter: 22,5 mm, length: 102 mm)

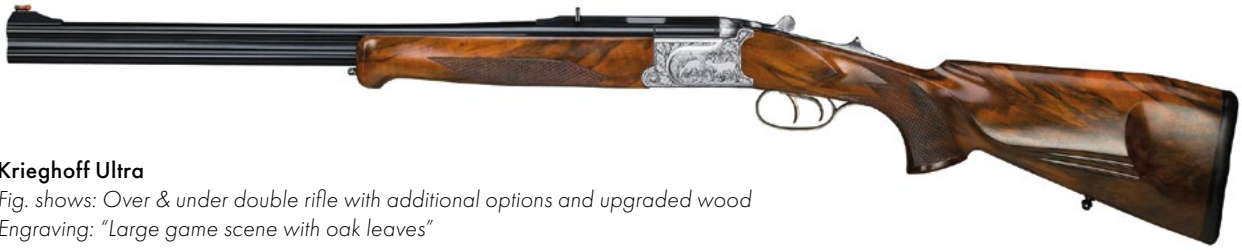

220,00 €

EXCLUSIVE OPTIONS

Hand-polished stock-finish, grain filled ^{CS}	969,00 €
Fine checkering instead of standard checkering ^{CS}	143,00 €
Skip checkering instead of standard checkering ^{CS}	97,00 €
Full carving on grip and forearm ^{CS} Full carving with leaf arabesques, English arabesques, enhanced English arabesques or oak leaves.	3.587,00 €
Fish scale checkering instead of standard checkering on grip and forearm ^{CS}	3.587,00 €
Checkering with carved border on grip and forearm ^{CS} Checkering surrounded by leaf arabesques, English arabesques, enhanced English arabesques or oak leaves.	1.445,00 €
Ebony cap on grip and forearm	284,00 €

KRIEGHOFF ULTRA

ULTRA

Krieghoff Ultra

Fig. shows: Over & under double rifle with additional options and upgraded wood
Engraving: "Large game scene with oak leaves"

Ultra standard configuration:

- Set trigger integrated in the front trigger
- Universal Trigger System
- Combi-Cocking Device
- Steel trigger guard
- Front plate for pivot bridge mount
- Steel shot proofed depending on choke size and material of the receiver
- Quick detachable sling swivels
- Steel trigger plate
- Nickel plated receiver finish
- Border engraving around receiver
- Hinge screws, top latch, screws and pins are blued
- Standard wood grade
- Right-handed stock with Bavarian-style cheekpiece and "Schnabel" forearm
- Supplied in Krieghoff GunPack

Ultra 20 over & under rifle/shotgun combination thermo stable

Action available in steel or duraluminium; standard barrel length: 55 cm (22"), optionally 60 cm (24") (additional charge); standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 2.700 – 3.400 g.

4.605,00 €

Ultra 20 over & under rifle/shotgun combination traditionally soldered

Action available in steel or duraluminium; standard barrel length: 60 cm (24"); standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 2.600 – 3.300 g.

4.917,00 €

Ultra 20 over & under double rifle thermo stable

Steel receiver; standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 3.200 – 3.900 g.

5.346,00 €

Ultra 20 "Bergstutzen" thermo stable

Steel receiver; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight approx. 3.100 – 3.800 g.

Folding and express sights

- Express sights with two folding leaves for Classic “Big Five” double rifle 655,00 €
- Express sights with two folding leaves for Classic “Big Five” double rifle; Sighting-in distances and vertical gold lines inlaid into both fixed and folding leaves. 1.098,00 €

Shotgun barrels sighted-in with slugs according to “Langenhagener Norm”^{FC}:

Shotgun barrels sighted-in according to “Langenhagener Norm” require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of firearms with two shotgun barrels, the group has to be less than 15 cm.

- Traditional soldered models:
 - One barrel on Classic side-by-side shotgun or rifle/shotgun combination 331,00 €
 - Both barrels on Classic side-by-side shotgun 661,00 €

SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

Classic Double rifle

- Pivot bridge mount 1.147,00 €
- Pivot bridge ring mount for driven hunt scopes 1.292,00 €
- Tip-off mount for red dot sight 884,00 €

Classic “Big Five” double rifle

- Pivot bridge mount 1.482,00 €
- Pivot bridge ring mount for driven hunt scopes 1.627,00 €
- Tip-off mount for red dot sight 1.142,00 €

Fitting a base plate for pivot bridge mount

- For Classic side-by-side double rifle and rifle/shotgun combination already included
- For Classic side-by-side shotgun and “Big Five” side-by-side double rifle 238,00 €

INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets together with the complete forend wood assembly in standard grade wood. Proof testing and sighting-in are included.

- Interchangeable double rifle barrel 3.890,00 €
- Interchangeable “Big Five” double rifle barrel (front trigger without set trigger device only) 6.147,00 €
- Interchangeable side-by-side shotgun barrel (gauge 20/76 only) 3.791,00 €
- Interchangeable side-by-side rifle/shotgun combination barrel (gauge 20/76 only) 5.985,00 €
- Additional charge for interchangeable barrel with ejectors 586,00 €

FLUSH FITTING THIN WALL CHOKE INSTALLATION

Flush at the barrel muzzle. Available in 20 gauge in the following constrictions:

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4–1/2 (LM), 1/2 (M), 3/4 (IM), 3/4–1/1 (LF), 1/1 (F), Super-1/1 (XF)

- Fitting of chokes, per barrel 145,00 €
- Thin wall screw-in choke, suitable for lead or steel shot (12 and 20 gauge) 94,00 €
- Briley choke wrench 37,00 €
- “Speed” wrench for quick choke changes (12 and 20 gauge) 72,00 €
- Special grease for choke 31,00 €
- Krieghoff container for three chokes 20,00 €
- Container for five chokes 22,00 €

SYSTEM TYPES & ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 49.

Automatic set trigger release, per set trigger Not in combination with single trigger or Krieghoff 1-2 trigger	123,00 €
Second set trigger installed in the rear trigger	557,00 €
Krieghoff 1-2 trigger featuring set trigger device	720,00 €
Single combination trigger featuring set trigger device, non selective Fixed firing sequence: right barrel – left barrel. Because of the fixed firing sequence, this feature is not recommended for models with selective barrels, e. g. side-by-side rifle/shotgun combination. Single triggers are generally available up to caliber 9,3x74R, but not in combination with the automatic set trigger release.	557,00 €

SURFACE FINISH

Models featuring steel receivers in combination with steel base plates, can optionally be blued or nitrated.

• Blued surface finish	free of charge
• Nitrated surface finish	494,00 €
• Complete nickel finish of all external parts	203,00 €

Locks

• Internal lock parts nickel plated	372,00 €
• Internal lock parts gold plated, triggers not included	849,00 €
• Single trigger gold plated	152,00 €
• Double triggers gold plated	212,00 €

Price for plain, unengraved side plates

Unengraved cosmetic side plates with Krieghoff logo and model name engraved on the bottom side of the receiver. Engraving and wood upgrades are not included!

650,00 €

PH-ProCoating

Corrosion resistant Ilafon-Coating for barrel.

743,00 €

Spring loaded extractor claws, per barrel

For rimless cartridges

171,00 €

Cosmetic sideribs for thermo stable models

The cosmetic siderib (available in different heights) is generally fitted during the sighting-in of the rifle. For technical and aesthetic reasons, we strongly recommend that the scope mounting and sighting-in process is carried out at the factory. Not available for Trumpf 12 featuring 60 cm (24") barrel length.

349,00 €

Different barrel length

- 60 cm (24") for thermo stable model Trumpf drilling
- 55 cm (22") for traditionally soldered model Trumpf drilling

557,00 €

557,00 €

Krieghoff see through sight

For Trumpf double rifle drilling

308,00 €

2-way flip sight

For Trumpf drilling. Wide U-shaped middle sight for shotshell and slug use.
Fine U-shaped sight for rifle use.

100,00 €

Shotgun barrels sighted-in with slugs according to "Langenhagener Norm"^{FC}:

Shotgun barrels sighted-in according to "Langenhagener Norm" require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of firearms with two shotgun barrels, the group has to be less than 15 cm.

• Models thermo stable:

One barrel on drilling

166,00 €

Both barrels on drilling

389,00 €

• Traditional soldered models:

One barrel on drilling, double rifle drilling

331,00 €

Both barrels on drilling

661,00 €

SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

Trumpf 12 and 20 drilling thermo stable

- Pivot bridge mount 832,00 €

Trumpf 20 double rifle drilling

- Pivot bridge mount 1.147,00 €
- Tip-off mount for red dot sight 884,00 €

INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets together with the complete forend wood assembly in standard grade wood. Proof testing and sighting-in are included.

- Interchangeable drilling barrel, thermo stable 3.933,00 €
- Interchangeable drilling barrel, traditionally soldered 4.267,00 €
- Interchangeable double rifle barrel, traditionally soldered (only Trumpf 20) 5.327,00 €

FLUSH FITTING THIN WALL CHOKE INSTALLATION

Flush at the barrel muzzle. Available in 12 and 20 gauge in the following constrictions:

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4–1/2 (LM), 1/2 (M), 3/4 (IM), 3/4–1/1 (LF), 1/1 (F), Super-1/1 (XF)

- Fitting of chokes, per barrel 145,00 €
- Thin wall screw-in choke, suitable for lead or steel shot (12 and 20 gauge) 94,00 €
- Briley choke wrench 37,00 €
- “Speed” wrench for quick choke changes (12 and 20 gauge) 72,00 €
- Special grease for choke 31,00 €
- Krieghoff container for three chokes 20,00 €
- Container for five chokes 22,00 €

KRIEGHOFF INSERT BARREL “KS”

The KS insert barrel adjusts at the muzzle end eliminating the need to remove from the carrier barrel. The Trumpf 20 duraluminium drillings are made specifically for the use of insert barrels, even for larger calibers such as 5,6x50R und 5,6x52R. The Trumpf drilling 12/76 (3") and 20/76 (3") in steel receiver accepts all insert barrel calibers up to 9,3x74R. The listed prices include fitting, proof testing and sighting-in.

Gauge 12

- .22 Hornet, .222 Rem., 5,6x50R Mag., 5,6x52R Savage, 6,5x57R, 7x57R, 7x65R, .30R Blaser, 8x57IRS, 8x75RS 1.582,00 €
- .308 Win., .30–06, 9,3x74R 1.914,00 €

Gauge 20

KRIEGHOFF K-80 WITH FIXED CHOKES

K-80 standard configuration with fixed chokes:

- Nickel plated steel action
- Hinge screws, top latch, screws and pins are blued
- Selectable, mechanical single trigger
- Length adjustable trigger blade
- Light scroll engraving pattern
- Adjustable comb
- Standard wood
- Supplied in a gun case

You can find the available gauges of the different K-80 variations in the K-80 Matrix on page 44.
All K-80 models with fixed chokes can be fitted with thin wall screw-in chokes.

K-80 with fixed chokes

Fig. shows: K-80 "Sporting" with additional options and custom engraving

K-80 Sporting / Skeet

Barrel length: 76 cm (30") or 81 cm (32"); soldered top rib: 10 mm taper flat; free-floated barrel set; right-handed "Sporting" stock with "Schnabel" forearm.
Weight approx. 3.950 g ^{SW}.

11.567,00 €

K-80 Trap

Barrel length: 76 (30") or 81 cm (32"); soldered top rib: 12 mm taper step; right-handed Monte Carlo style "Trap" stock with "Trap" forearm.
Weight approx. 4.070 g ^{SW}.

11.567,00 €

K-80 Parcours

Fig. shows: Model with additional options and custom engraving

K-80 Parcours

Barrel length: 71* (28")*, 76 (30") or 81 cm (32"); soldered top rib: 8 mm taper flat, full length soldered barrel set; right-handed "Parcours" stock; "Parcours" forearm, with oil finish.
Weight with adjustable comb approx. 3.620 g ^{SW}.
Weight with non-adjustable comb approx. 3.610 g ^{SW}.

12.096,00 €

*Only available with thin wall screw-in chokes

KRIEGHOFF K-80 WITH SCREW-IN CHOKES

K-80 standard configuration with screw-in chokes:

- Free-floated barrel set
- Extended factory screw-in chokes, incl. five steel choke tubes and choke wrench
- Nickel plated steel action
- Hinge screws, top latch, screws and pins are blued
- Selectable, mechanical single trigger
- Length adjustable trigger blade
- Light scroll engraving pattern
- Adjustable comb
- Standard wood
- Stock Finish: SEF (Satin Epoxy Finish)
- Supplied in a gun case

You can find the available gauges of the different K-80 variations in the K-80 Matrix on page 44.

K-80 Sporting

Fig. shows: Model with additional options and custom engraving

K-80 Sporting

Barrel length: 71 (28"), 76 (30") or 81 cm (32"); soldered top rib: 10 mm taper flat; right-handed "Sporting" stock with "Schnabel" forearm. Weight approx. 3.980 g^{SW}.

12.103,00 €

K-80 ProSporter

Fig. shows: Model with additional options and engraving option "Renaissance"

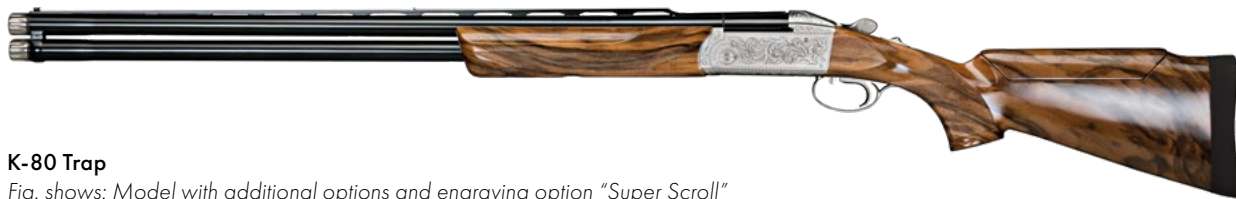

K-80 ProSporter

Barrel length: 76 (30") or 81 cm (32"); adjustable top rib: 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 70/30 %; right-handed "ProSporter" stock with "Schnabel" forearm stock. Weight approx. 4.120 g^{SW}.

12.694,00 €

KRIEGHOFF K-80 WITH SCREW-IN CHOKES

K-80 Trap

Fig. shows: Model with additional options and engraving option "Super Scroll"

K-80 Trap

Barrel length: 76 (30") or 81 cm (32"); soldered top rib: 12 mm taper step; right-handed Monte Carlo style "Trap" stock with "Trap" forearm.
Weight approx. 4.120 g^{SW}.

12.103,00 €

K-80 ProTrap

Fig. shows: Model with additional options and engraving option "Heritage Game I"

K-80 ProTrap

Barrel length: 76 (30") or 81 cm (32"); adjustable top rib: 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 70/30 %; right-handed "ProTrap" stock with "Trap" forearm. Weight approx. 4.070 g^{SW}.

12.694,00 €

K-80 Trap Special

Fig. shows: Model with additional options and adjustable butt plate as well as engraving option "Vintage Scroll"

K-80 Trap Special

Barrel length: 76 (30") or 81 cm (32"); adjustable top rib: "Trap Special" 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 100% (optionally "Pro" rib featuring 120% high pattern); right-handed "Trap Special" roll-over stock with "Trap" forearm. Weight approx. 4.310 g^{SW}.

12.870,00 €

K-80 Doppel Trap Special

Fig. shows: Model with additional options and blued engraving option "Gold Standard"

K-80 Doppel Trap Special

Barrel length: 76 (30") or 81 cm (32"); adjustable top rib: "Double Trap Special" 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 100%; "Trap Special" right-handed stock, including an additional higher comb in black (see picture above); "Trap" forearm. Weight approx. 4.410 g^{SW}.

13.229,00 €

KRIEGHOFF K-20

K-20 standard configuration:

- Extended factory screw-in chokes, incl. five steel choke tubes and choke wrench (for K-20 with screw-in chokes)
- Nickel plated steel action
- Hinge screws, top latch, screws and pins are blued
- Selectable, mechanical single trigger
- Length adjustable trigger blade
- Light scroll engraving pattern
- Standard wood
- Supplied in a gun case

K-20 Parcours

Fig. shows: Model with engraving option "Vienna"

K-20 Parcours with fixed chokes (1/2 - 3/4)

Barrel length: 76 (30") or 81 cm (32"); soldered top rib: 7 mm taper flat, full length soldered barrel set; "Parcours" stock, right-handed, fixed comb, oil finish; "Parcours" forearm, oil finish; Weight approx. 3.180 g^{SW}.

12.096,00 €

K-20 Victoria mit Festchokes (1/2 - 3/4)

Barrel length: 76 (30") or 81 cm (32"); soldered top rib: 7 mm taper flat, full length soldered barrel set; "Victoria" stock, right-handed, fixed comb, oil finish; "Victoria" forearm, oil finish; Weight approx. 3.180 g^{SW}.

12.096,00 €

K-20 Sporting and Hunting Gun

Fig. shows: Model with additional options and engraving option "Parcours Special"

K-20 Sporting and Hunting Gun

Barrel length: 76 (30") or 81 cm (32"); soldered top rib: 10 mm taper flat, soldered; free-floated barrel set; non-adjustable "Sporting" stock with "Schnabel" forearm, SEF (Satin Epoxy Finish). Weight approx. 3.500 g^{SW}.

12.103,00 €

K-20 ProSporter

Fig. shows: Model with additional options and custom engraving

K-20 ProSporter

Barrel length: 76 (30") and 81 cm (32"); 10 mm tapered (12 mm with chamfer); adjustable; highest selectable shot pattern: 70/30; free-floated barrel set; "ProSporter" right-handed stock with "Schnabel" forearm, SEF (Satin Epoxy Finish). Weight approx. 3.690 g^{SW}.

12.694,00 €

KRIEGHOFF KX-6 SPECIAL

KX-6 standard configuration:

- Extended factory steel screw-in chokes, incl. three choke tubes and choke wrench
- Nickel plated steel action
- Hinge screws, top lever and trigger guard are blued
- Length adjustable trigger blade
- Adjustable comb
- Standard wood
- Stock Finish: SEF (Satin Epoxy Finish)
- Supplied in a gun case

Fig. shows:

KX-6 Special Single Barrel Shotgun in standard configuration

KX-6 Special – Single barrel shotgun

Barrel length: 86 cm (34"); adjustable top rib 12 mm taper flat; highest selectable shot pattern: 70/30 %; right-handed Monte Carlo "Trap" stock, "Trap" forearm. Weight approx. 3.890 g ^{SW}.

5.221,00 €

GENERAL OPTIONS

"Matched Pairs"

Upcharge of 10% with any order of a matching pair. This includes consecutive numbers and stocks matching in colour, figure and weight. Both guns are identically balanced.

+10%

TITANIUM OPTIONS

Upcharge for titanium option instead of the standard configuration made of steel.

Titanium options

- Titanium trigger, steel trigger group 112,00 €
- Titanium front hanger 52,00 €
- Five titanium screw-in chokes of the standard configuration 312,00 €

Titanium options gold plated

- Titanium trigger, gold plated, steel trigger group 283,00 €
- Titanium front hanger, gold plated 158,00 €
- Five titanium screw-in chokes of the standard configuration, gold plated 578,00 €

Titanium options in black (matt)

- Titanium trigger (including trigger group), in black (matt) 266,00 €
- Titanium front hanger, in black (matt) 143,00 €
- Five titanium screw-in chokes of the standard configuration, in black (matt) 520,00 €

BARRELS & ACCESSORIES

A list of all available barrel set combinations is shown on page 44.

STANDARD GAUGES:

K-80

- 12/76 (3"), 20/76 (3"), 28/76 (3"), chambers are chrome plated
- .410/76 (3")

K-20

- 20/76 (3"), 28/76 (3"), chambers are chrome plated
- .410/76 (3")

KX-6 Special

- 12/76 (3"), chambers are chrome plated

Krieghoff Balance System – Barrel weight for K-80 (shown on page 70)

The barrel can be provided with up to three additional 40 g weights underneath the forend, thus making an increase of 120 g at the front end possible.

- 12 Gauge K-80 91,00 €
- 20 Gauge K-80 91,00 €

Barrel porting

For gauge 12 – recoil and muzzle jump is reduced. Price per barrel.

- K-80 Sporting/Skeet 3.847,00 €
Free-floated barrel set; barrel length: 76 cm (30") or 81 cm (32")
- K-80 Trap 3.847,00 €
Free-floated barrel set; barrel length: 76 cm (30") or 81 cm (32")

K-80 Parcours

- Full length soldered barrel set; barrel length: 71 cm (28")*, 76 cm (30") or 81 cm (32") 4.391,00 €
- Forend hanger for adapting free-floated barrel sets 63,00 €

*Only available with thin wall screw-in chokes

- K-80 Trap Special/ProSporter/ProTrap on request

Interchangeable barrel K-80 with screw-in chokes

Free-floated barrel set; extended factory screw-in chokes, including two choke tubes and choke wrench.

- **K-80 Trap** 4.391,00 €
Rib: 12 mm taper step, soldered; barrel length: 76 cm (30") or 81 cm (32")
- **K-80 ProTrap/K-80 ProSporter** 4.977,00 €
Gauge: 12/76, 20/76, 28/76, .410/76; Rib: 10 mm taper flat, adjustable; highest selectable shot pattern: max 70/30 %; barrel length: 76 cm (30") or 81 cm (32")
- **K-80 Trap Special** 4.977,00 €
Rib: "Trap Special" 10 mm taper flat, adjustable; highest selectable shot pattern: 100% (alternative "Pro" rib with max 120% high pattern); barrel length: 76 cm (30") or 81 cm (32")
- **K-80 Double Trap Special** 5.111,00 €
Rib: "Double Trap Special" 10 mm taper flat, adjustable; barrel length: 76 cm (30") or 81 cm (32")
- **K-80 Sporting/Skeet** 4.391,00 €
Gauge: 12/76, 20/76, 28/76, .410/76; Rib: 10 mm taper flat, soldered; barrel length: 71 cm (28"), 76 cm (30") or 81 cm (32")
- **K-80 Unsingle/Topsingle** 5.989,00 €
Rib: 12 mm taper step, adjustable highest selectable shot pattern: 100 %; barrel length: 86 cm (34")

Interchangeable barrel K-20 with fixed chokes (1/2 - 3/4)

- **K-20 Parours** 4.391,00 €
Gauge: 20/76, 28/76; soldered top rib: 7 mm taper flat; barrel length: 76 cm (30") or 81 cm (32")

Interchangeable barrel K-20 with screw-in chokes

Free-floated barrel set; extended factory screw-in chokes, including two choke tubes and choke wrench.

- **K-20 Sporting** 4.391,00 €
Gauge: 20/76, 28/76, .410/76; Rib: 10 mm taper flat, soldered; barrel length: 71 cm (28"), 76 cm (30") or 81 cm (32")
- **K-20 ProSporter** 4.977,00 €
Gauge: 20/76, 28/76, .410/76; Rib: 10 mm taper flat, adjustable; barrel length: 76 cm (30") or 81 cm (32")

Factory screw-in chokes, 12, 20, 28 and .410 gauge

It is not possible to retrofit factory choke tubes to fixed choke barrels. See thin wall option below.

Available in the following constrictions:

Cylinder (00), Skeet (0), 1/4 (1), 1/4-1/2 (1+), 1/2 (2), 1/2-3/4 (2+), 3/4 (3), 1/1 (4), Super-1/1 (5). Super full choke tubes only available for 12 gauge.

100,00 €

Fitting of flush fitted, thin wall screw-in chokes, 12, 20 and 28 gauge

Subsequent fitting of thin wall chokes possible for shotgun barrels with fixed chokes, also for barrels from other brands. Technical requirements will be checked carefully by our master gunsmiths before fitting. Price per barrel.

145,00 €

Thin wall screw-in chokes

Available in the following constrictions: Cylinder (00), Skeet (0), 1/4 (1), 1/4-1/2 (1+), 1/2 (2), 3/4 (3), 3/4-1/1 (LF), 1/1 (4), Super-1/1 (XF)

One inch extended, non-ported thin wall choke tubes are available on request.

94,00 €

Titanium screw-in chokes, 12 and 20 gauge

For all guns featuring factory screw-in chokes. Available in the following constrictions: Cylinder (00), Skeet (0), 1/4 (1), 1/4-1/2 (1+), 1/2 (2), 1/2-3/4 (2+), 3/4 (3), 1/1 (4), Super-1/1 (5)

- **Titanium screw-in chokes (color: silver)** 161,00 €
- **Titanium screw-in chokes gold plated** 215,00 €
- **Titanium screw-in chokes in black (matt), minimum purchase quantity: 5 pc** 194,00 €

Accessories

- **Briley Choke wrench** 37,00 €
- **"Speed" wrench for quick choke changes (12 and 20 gauge)** 72,00 €
- **Special grease for chokes** 31,00 €
- **Krieghoff Container for three chokes** 20,00 €
- **Container for five chokes** 22,00 €

ENGRAVING OPTIONS

The engraving patterns listed below are just a small sampling of the wood categories and engraving combinations most frequently requested. In line with our philosophy of quality, all our engravings are worked into the material of the action itself and never on attached plates.

The wood grade and surface finish of the metal parts can be chosen freely. Together with the engraving patterns listed below, we just give you a recommendation of a certain wood grade in combination with a specific metal part surface treatment, which compliments the appearance of the gun. The corresponding extra cost for wood upgrades and metal part treatments, you will find under category "stocks & woodwork" and "surface finish" of each model.

HUNTING GUNS – ENGRAVING OPTIONS

“Standard”

Ornamental line engraving borders receiver. Receiver nickel plated. Top lever, trigger guard, hinge pin and forearm latch blued.

free of charge

NEW: K-80/S CUSTOM ENGRAVING „SUMMERS END“

„Summers End“ on a limited edition new K-80/S takes us to summer's end with wild flowers and wheat in their full enameled and gold beauty. A wingshooter's dream of pheasants, quail and woodcock adorn the receiver, top latch and trigger guard. Reverse gold gives the golden feeling of summer's last days and the anticipation of the upcoming hunting season.

CUSTOM ENGRAVINGS

For years, engravers have artfully applied the finishing touch to guns, lending them a unique character and an expression of their worth. Initial sketches, stemming from a dialogue with the gun owner, are used to produce a harmonious design encompassing motif, style and material.

Krieghoff engravers have a comprehensive repertoire: from deep relief to the very finest Bulino style and from classic hunting scenes to the multifaceted ornamentations of various eras. From precious metal inlays to surface finishing – there are no limits to their creative imagination.

Using their experience, finesse and talent, our engravers create fine works of art that reflect both the passion and personality of the owner and the value and quality of an exquisite gun.

Our master engravers are able to realize virtually any special engraving requirement including the most intricate custom engravings. For a proposal send us your request!

Price for plain, unengraved side plates

650,00 €

Unengraved cosmetic side plates with Krieghoff logo and model name engraved on the bottom side of the receiver. Engraving and wood upgrades are not included!

Krieghoff GunPack

This hard-top gun case is made out of black, shock resistant "ABS" plastic material assembled by ultrasonic welding and the addition of "ABS" at the fluid state.

A Krieghoff lettering in gold is on the upper left of the outer front and inner top part. The inside is made out of velvet-like, blue cloth. It is pre-formed to exactly fit your hunting gun, a scope, and accessories or ammunition. Four hook-and-loop fasteners additionally secure the content. Four "push" catches avoid unwanted opening.

Krieghoff GunPack for Hunting Guns

52,00 €

- Barrel length: max. 74 cm (29")
- Weight: approx. 2,6 kg

Krieghoff GunPack for Semprio

52,00 €

- Barrel length: max. 79 cm (31")
- Weight: approx. 2,6 kg

Krieghoff gun case – premium edition

A high class hard-top gun case is made out of shock resistant "ABS" plastic material assembled by ultrasonic welding and the addition of "ABS" at the fluid state. Brown leather application trims the edges and Krieghoff is printed in gold on the front.

The inner is made of velvet-like cloth. The bottom part is pre-formed and offers space for the receiver-stock-unit, securable by hook-and-loop fastener, as well as accessories. The upper part is pre-formed for two barrels. The divider pad can be attached to the upper part with two hook-and-loop fasteners securing barrels and extras. Your gun is safe from unauthorised access with three - independently settable - combination locks.

MEMO

I. **Scope mounts**

Scope mounts, carried out at the Krieghoff factory, will include sighting-in. On guns with more than one barrel we guarantee a certain grouping of the barrels will be obtained. If scope mounts are fitted elsewhere an extra charge will be applied for sighting-in of the gun. Further, we cannot give any warranty for common point of impact accuracy on guns with multiple barrels. If the installation of the scope mount was not carried out by us we are not able to take any responsibility for the performance of grouping.

Because of physical reasons, the point of impact (grouping of the barrels) on guns featuring multiple barrels can only be adjusted for one type of sight (rather open sight or scope). If nothing else was requested by the customer and the scope mount was done at the Krieghoff factory, we always sight-in guns featuring multiple barrels over the scope. If several scopes are being mounted, explicit information is required for which scope the grouping performance need to be obtained. If no information is being supplied, we will use the largest scope to ensure grouping accuracy.

The points mentioned above are also valid for insert barrels.

II. **Model thermo stable**

If thermo stable models are ordered with cosmetic side ribs, we strongly recommended, for technical and aesthetic reasons, that the scope mounting and sighting-in process is carried out at the Krieghoff factory.

III. **Guarantee**

If scope installation is carried out by anyone other than Krieghoff and the barrels require subsequent rebluing, all warranty regarding blueing and shooting accuracy will be void.

IV. **Shooting accuracy**

The accuracy of the gun can only be guaranteed if the same type of ammunition is used as the gun was sighted-in with. Therefore we recommend to acquire a sufficient stock of ammunition of the same loading used to sight-in your gun, especially if the gun has multiple rifled barrels. This applies to rifle cartridges as to shot gun slugs.

In big bore double rifles semi jacketed bullets and full metal jacketed bullets are often being used side by side. Although this might be very useful, accuracy can only be guaranteed with one type of ammunition load. Test shots with a second load or even finding two loads that work together are only done on special request and have an additional time and ammunition charge.

V. **Weight**

All specified weights, especially the total weights of weapons are to be understood as approximate information. Due to manufacturing and construction-related factors, as well as varying weights stem from the natural material of wood, there may be deviations. The weight data therefore only serves as a benchmark for better differentiation.
